OUR REACH

2023-2025

OUR PRESENCE***

Content above reflects activity through December 31, 2025

*Sources - National Statistical Agency **Includes 200 bicycles distributed in the environment sector ***Buffalo shops includes both brick and mortar and mobile shops

PATHWAYS TO IMPACT 2024-2026

GROW

- 16 shops added
- 378 more mechanics trained
- 3,750 bicycles sold to consumers
- \$47,000 in spare parts sales

***World Bicycle Relief-funded Buffalo Bicycles will be distributed through the Grow and Partner pathways.*

PARTNER

- 3 strategic partnerships established to pilot school-ownership model for education and pilot community health worker activities (both likely targeting refugee and host communities in the north)
- 2 MOUs with Ministry of Health and Ministry of Water and Environment signed
- 18,500 bicycles sold to organizations
- Participate in NGO and development partner forums to increase awareness of our programs and activities

INFLUENCE

- Focus on generating rigorous Uganda-specific evidence base for use with government and potential partners
- Collaborate with the Directorate of Industrial Training to certify Buffalo Bicycle mechanic training curriculum
- Present our strategy and theory of change to key funders

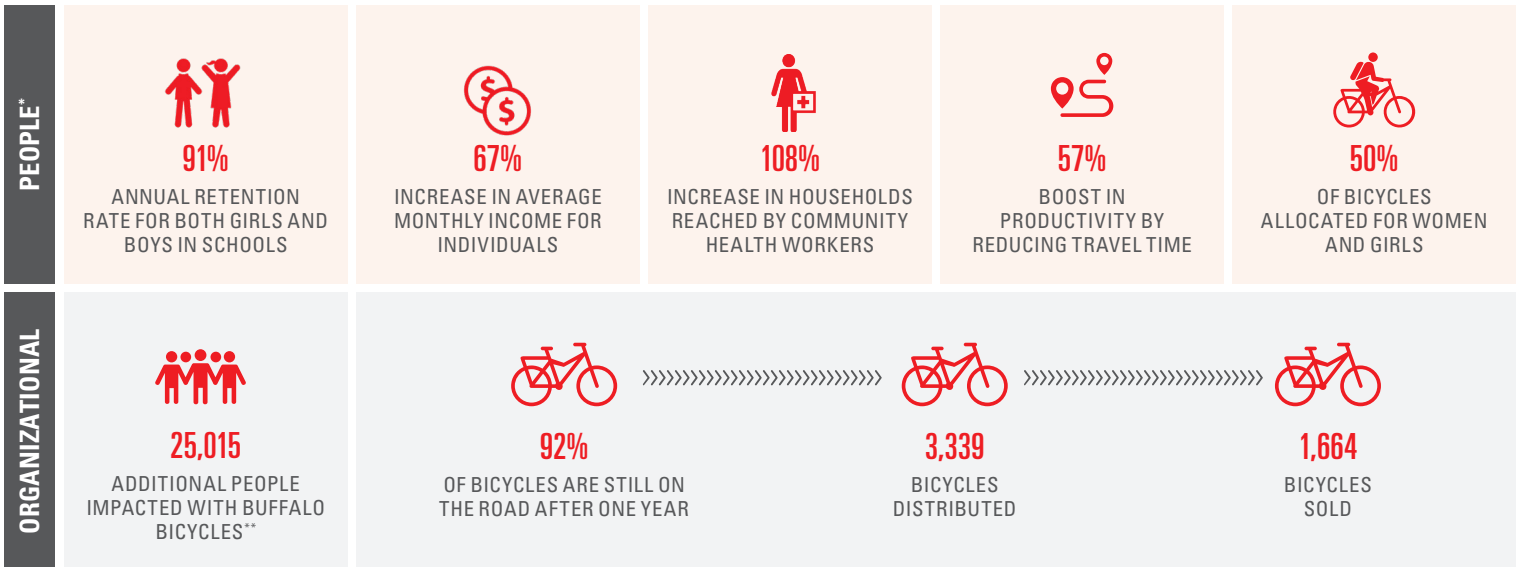

GLOBAL STRATEGY

In 2024, World Bicycle Relief (WBR) launched its new three-year strategy (2024–2026) to scale the Power of Bicycles, prioritizing bicycle ownership and use among women, youth, and marginalized groups to improve outcomes in healthcare, education, and economic opportunities. Over three years, we aim to mobilize an additional 300,000 individuals, impacting 1.5 million lives in seven operating countries, including Uganda.

UGANDA IMPACT IN 2025

World Bicycle Relief combines impactful bicycle mobility solutions with social enterprise sales to meet the staggering need for reliable, accessible transportation in underserved markets. We measure progress toward reaching our 3-year global impact targets in two key areas: impact on People and Organizational performance.

UGANDA OUTCOMES IN 2025

*Outcome data source: WBR monitoring data, 2025 and WBR Community Health Extension Workers Assessment Report, 2025

**In the areas where World Bicycle Relief operates, the median household size exceeds 5 people, and research shows that bicycles in these households have multiple users and purposes. This results in a substantial 5x impact multiplier for each distributed bicycle.
